

Premium & Economy Banners

Economy banners

Low cost economic banners perfect for promotional, event and medium term outdoor use.

Our economy banner range is printed on 450gsm PVC using a solvent inkjet process which gives brilliant high resolution colours that are UV stable and will not fade. All banners in this range are eyeleted as standard.

Premium banners

For longevity and a superior finish, we would recommend our premium banner range.

Using a heavier 550gsm PVC and with welded hems and eyelets all round as standard, these banners offer a more robust option. We can print single or double sided with our full colour, UV stable, solvent process.

Standard size options

Height (mm)	Width (mm)							
500								
1000	1500	2000	2500	3000	3500	4000	4500	5000
1500								

Custom sizes available - Please call for details

Bleed ■

Morgan signs recommends that graphic should include 50mm bleed around the entire banner for folding & hemming. (For Premium banners only)
